WORK EXPERIENCE

Client and vendor management

SAMCo, NN, Capgemini/UBS, GoldenSource & CARE Ratings

Tasks

- Was the primary POC between SAMCo and managed service provider RIMES for their implementation of managed data service project.
- Have worked with almost all major financial data vendors including Bloomberg, Refinitiv, ICE, Factset, SIX FI and Markit to name a few.
- Served as Bloomberg's counterpart in NN for functional scope and product design.
- Was the SPOC for all vendor communication between UBS (both London and Zurich office) and its data vendors. Primary data vendor was SIX FI.
- Was SPOC for multiple clients to address their customer support issues in GoldenSource. Worked extensively in MT564 based corporate action feeds.
- Managed relationships with multiple real estate companies while working at CARE ratings.
- Was part of the team driving product sales strategy for the newly launched real estate research rating of CARE.

Team & Stakeholder management

NN, Capgemini/UBS, GoldenSource & CARE Ratings

Tasks

- Currently working as a Scrum master for SAMCo with a secondary role of reporting team performance to C-level.
- Lead functional specialist in SAMCo for all design and developments concerning RIMES.
- Served as the Markit EDM team lead for NN, managing resources in both Netherlands and India offices.
- Worked as a onsite lead for the Capgemini team working on the UBS data migration project.

Project management

SAMCo, NN & Capgemini/UBS

Tasks

- Prepared project plan and defined the feature deliverables for multiple projects within SAMCo, the latest being migrating SAMCo's security datasets from Oracle to Snowflake and moving from a multi-master set up to a singular managed mastering service.
- Worked as a project lead to replace Barclays pricing feed with Bloomberg BVAL feed in NN.
- Worked as a technical lead to migrate legacy UBS VDPS platform to Markit EDM.

Devops

SAMCo & NN

Tasks

- Specialist in developing and managing project using agile framework.
- Developed the current agile setup in SAMCo.
- Experienced in both Atlassian and Azure Devops.
- Have experience in guiding teams to translate existing waterfall model to Agile.
- Have trained teams to work in Azure devops.
- Have developed the git continuous improvement (CI) strategy for NN.
